

# Arachnid Video Conference

In this engaging indoor and outdoor video conference Stage 1, 2 & 3 students will explore the world of arachnids, their features and habitats. Field of Mars EEC will lend your school a digital microscope and provide all the materials required to create an incredible observational drawing of an arachnid. For additional information, booking links and a complete listing of connected classrooms lessons visit the Field of Mars EEC website. <http://fieldofmarseec.nsw.edu.au/digital-learning/connected-classroom-lessons/>
