

Life Cycle Video Conference

In this video conference Stage 1 & 2 students will learn about the incredible life cycles of invertebrates such as leaf and stick insects. Students will see live specimens and interact with the IWB to explore invertebrate camouflage, behaviour, life cycles and habitats. Students will build their own physical examples of phasmid life cycles using materials provided by the centre. For additional information and booking links visit our website. <http://fieldofmarseec.nsw.edu.au/digital-learning/connected-classroom-lessons/>
