

Night Raiders Excursion 2015

Squeals, hoots, shrieks and scratchings. Who are the secret night raiders making these strange noises as darkness descends? Students are introduced to a nocturnal soundscape that will lead them on a quest through the Field of Mars bushland. As special agents, students will seek out and collect or photograph forensic evidence, interpret clues and share their findings to help solve the mystery of the night raiders. Night Raiders is a problem solving program for Stage 2 students. It supports the Primary Connections unit Friends and Foes, Stage 2 Science Living World and Critical and Creative Thinking.

Stage 2 - Maximum 2 classes per day - Cost \$16
