

Documentary 2015

Unleash the next David Attenborough. Documentary is an amazing literacy focused Stage 2 and 3 program that will introduce students to documentary making using an iPad. Working in groups of three, students will use iPads, light reflectors and microphones to create their own documentary focusing on living things found in natural areas. Support for the pre production phase (script and storyboard development) is provided through resources available on the centre website or via a comprehensive course on [iTunes U](http://bit.ly/1kvRCVc) <http://bit.ly/1kvRCVc>. This program can operate as an incursion if your school has nearby natural areas. Visit the centre website to check availability.

Suitable for Stage 2/3 - Max 2.5 Classes - Supports English, Sci & Tech and HSIE - Cost \$16 per student (GST Free)
