

Invertebrates and Schoolyard Safari

Explore the amazing world of invertebrates that can be found in the bush or at your school. Students will investigate habitats, safely collect invertebrates and discuss their special features and adaptations. This program can operate as an excursion or incursion. Visit the centre website for a complete description of incursion and excursion options, booking forms and date availability.

Stage 1 - Max 3 or 4 classes per day - Supports Science - Cost \$9 incursion \$16 excursion (GST Free)
