# Electric Invertebrates Incursion 2015

Explore the world of invertebrates through digital mediums and hands-on investigations. Students will observe the special features and adaptations of invertebrates collected in your school grounds. They will create an observational drawing using an iPad and stylus to explore bilateral symmetry, colour and texture. Students will use a number of apps to manipulate their image and drawings.

Stage 2 & 3 - Max 3 classes per day - Supports Science & Visual Arts - Cost \$10 (GST free)
