

Movie Bugs Animation Incursion 2015

Animate an invertebrate. Movie Bugs is an amazing literacy focused multi-day incursion that will introduce students to stop-motion animation using an iPad. Movie Bugs includes a hands-on investigation of the invertebrates found in your school, support for script, storyboard and prop development and the creation of a stop-motion animation focusing on the features, habitats or life stage of an invertebrate. Movie Bugs is supported through resources provided on the Field of Mars EEC website or via a comprehensive course on iTunes U <http://bit.ly/1nkcygj>. Refer to the centre's website for more information and date availability.

Suitable for Stage 1/2/3 - Supports English and Science & Technology - Cost \$20 per student (GST Free)
